

DONNTU's Cooperation Agreement

Photo: DONNTU's Site

The delegation of Donetsk National Technical University, consisting of its Rector A.Y. Anoprienko, the First Vice-rRctor A.A. Karakozov and Vice-rRctor A.N. Ryazanov, visited Kuban State Technological University (Krasnodar) on 2-23 March. The purpose of the visit was to sign an agreement on cooperation between the universities.

KubSTU is the oldest higher educational institution on Kuban and North Caucasus. It was founded on June 16, 1918. Currently it is the leading technical university of the South of Russia which trains specialists for the basic industries - food, oil and gas, engineering, energy and IT-technologies. The Kuban State Technological University, like DONNTU, is a part of the Consortium «Nedra» which unites universities that train personnel for the enterprises of the mineral and raw materials complex.

The delegation of DONNTU was welcomed by the heads of KubSTU – its Acting Rector M.G. Baryshev, the President of the University V.G. Lobanov, and its Vice-Rectors for Educational Work - T.V. Konovalov, for Continuing eEducation and International Activities - N.Y. Belikova, for Youth Policy - O.N. Obletaeva, for Scientific Work - S.A. Udodov, for Financial and Economic policy - N.V. Lebedev. Signing of a cooperation agreement took place during the meeting, the issues of development of cooperation in the educational and scientific spheres of activity were discussed.

An excursion to the educational buildings of KSTU was organized for the representatives of DONNTU. Special attention was paid to the material and technical base of the Center for Training Specialists in Construction Specialties, the Engineering Center «High Technology and Food Safety», the Center for Collective Use of High-Tech Equipment «Research Center of Food and Chemical Technologies», as well as institutes of computer directions.

The management of DONNTU got acquainted with the specifics and methods of processing and utilization of oil-containing waste. The results of scientific research of employees of the Institute of Mechanics, Robotics, Engineering of Transport and Technical Systems of KSTU in the field of energy-saving technologies and 3d-modeling were demonstrated. The delegation of DONNTU was introduced to the directions of work of the regional school industrial park «Quant-Kuban

KubSTU».

The second day of the visit ended with a visit to one of the largest university book depositories of the South of Russia - the library of KubSTU.

In general, there are many areas of work in which the cooperation is going to be very productive for the two universities.

DPR's Schoolchildren Delegation Takes Part in International Forum-Contest at St. Petersburg Mining University

On the invitation of Saint Petersburg Mining University the delegation of high school students of the Donetsk People's Republic represents Donetsk National Technical University at the All-Russian forum-competition «School Premier League». This event is held from 2 to 9 April for universities participating in the Consortium «Nedra » and is a school stage of the International conference «Topical Problems of Subsoil Use».

Photo: DONNTU's Site

The competition is held under the auspices of the Commission of the Russian Federation for UNESCO together with the Russian National Committee of the World Petroleum Council, a network of UNESCO associated schools in Russia.

High school students who have successfully passed the qualifying round are invited to participate in person. Eleven schoolchildren from DONNTU will present 5 projects in the fields of IT-technologies, engineering ecology, Arctic and Antarctic development.

The competition is focused on the creative development of young people and increasing the prestige of engineering specialties.

DONNTU Staff Visit Chuvash State University Named after I.N. Ulyanov

The delegation of the Faculty of Intelligent Electric Power and Robotics of Donetsk National Technical University consisting of the heads of the Departments of Electrical Stations; Electrical

Systems; Electric Drive and Automation of Industrial Installations, Associate Professors S.N. Tkachenko, D.V. Polkovnichenko, P.I. Rozkaryaki, as well as representatives of student activists –the Chairman of the Trade Union Bureau Diana Panasenko, Vladislav Danishurka, Yaroslav Lipovsky and Resulina Smailova, headed by the Deputy Dean, Associate Professor A.N. Mintus visited Chuvash State University named after I.N. Ulyanov (ChuvSU , Cheboksary, Russia) on February 24 -March 5.

The Visit of teachers of our university to Chuvash State University named after I.N. Ulyanov was not spontaneous as in the summer of 2022, an agreement on cooperation between DONNTU and ChuvSU was concluded. The universities agreed on cooperation in the scientific, educational and educational sphere, because both are the main suppliers of personnel for the electrical industry of their region. For this purpose ChuvSU opens engineering classes in schools of the Republic, the «Small Electrotechnical Academy 7+» operates at the university, there are

Photo: DONNTU's Site

thematic Olympiads on electrical engineering and mechanical engineering, which give bonuses for students. And experts from DONNTU explained how they built a system of on-the-job training of graduates of technical colleges, how the Small Academy of Sciences works. In plans - the search for new formats for interaction and training of decent engineering personnel. The university held a number

of meetings with the leadership of the ChuvSU named after I.N. Ulyanov, representatives of the

Faculty of Energy and Electrical Engineering, as well as of the enterprises of the electric and technical cluster of the Chuvash Republic.

First of all, DONNTU teachers were invited to get acquainted with the Museum of University History, then continued a tour of new classrooms, modern youth spaces, technical laboratories most of which were equipped with modern equipment, which were provided to the university by the factories and enterprises partners. Also, the DONNTU delegation conducted a tour of the new building of the partner university, where they showed the recently opened ethno-cultural center «Legacy», Cyberclub, the Museum of the History of the Great Patriotic War, the Archaeological and Ethnographic Museum named after P.V. Denisov. In addition, DONNTU teachers got acquainted with the culture and traditions of the Chuvash people in the Chuvash National Museum and on a tour of the city of Cheboksary.

A visit to the Cheboksar Electrical Plant took place, where the DONNTU delegation got acquainted with the features of the technological process of production not only standard types of relays and systems of relay protection and emergency automation, but also their digital high-tech devices. Dr. S. A. Koltsov held a round table on the basis of the training center of the plant (the basic department of Chuvash State University). It

Photo: DONNTU's Site

considered possible ways of cooperation - including assistance and funding on a competitive basis of pilot youth projects by the fund established by the company «CHEAZ» and ChuvSU .

DONNTU students took part in a meeting with representatives of the Student s' Council of the partner university and its chairman A. Emelkova. The students from the Student 's Council of ChuvSU, the volunteer center, the headquarters of student construction crews spoke about their

student life. The guests learned that the students of our university had repeatedly won grants for the implementation of their ideas (two laboratories in the main building had been repaired at the expense of grants from Rosyouth, equipment for some creative studios had been also purchased with grant funds). **(Fragments of the article are taken from the website of the ChuvSU).**

Deputy Director of DONNTU's Institute of Postgraduate Education Takes Part in Interregional Conference

The Ministry of Science and Higher Education of the Russian Federation together with the Russian society «Knowledge» within the framework of the project «DNA of Russia» held a series of interregional scientific and methodical conferences in March. They were focused on the discussion of the conceptual and methodological thematic content of the sections of the program and the mechanisms for the implementation of the course «Basics of Russian Statehood», which on the instruction of the President of the Russian Federation on January 29 will be included in the educational programs of higher educational institutions.

One of the interregional conferences, in which the Deputy Director of the Institute of Postgraduate Education Dr. E.A. Shumaeva took part, was held at Southern Federal University (Rostov-on-Don) on 23-24 March. The conference participants worked in the corresponding course of thematic clusters, using brainstorming, teamwork, public presentation and defense of the developed conceptual provisions.

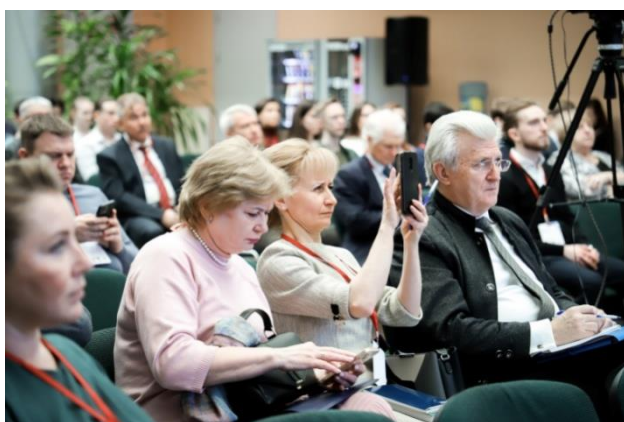

Photo: DONNTU's Site

The project managers, representatives of the Ministry of Education of the Russian Federation and the office of the plenipotentiary representative of the President of the Russian Federation in the Southern Federal District thanked the conference participants for their fruitful work and a great contribution to the development of the course «Fundamentals of Russian statehood».

Lecturer of DONNTU is Participant of All-Russian Scientific and Practical Conference «Economic Bases of Russian Statehood»

In the period from 27 to 30 March 2023, the Professor of the Department «Economic Theory and Public Administration» of DONNTU Y.V. Khomenko was invited to take part in the All-Russian Scientific and Practical Conference «Economic Foundations of Russian Statehood» which was held State University of Management (Moscow).

The organizers of the All-Russian Scientific and Practical Conference «Economic Bases of the Russian Statehood» were the State University of Management and the project «DNA of Russia» with the support of the Ministry of Science and Higher Education of the Russian Federation and the Russian «Knowledge» Society. The participants included experts in the field of economics, heads of industry associations of companies, professors and teachers of universities, young scientists. Over 400 people from 35 regions of Russia took part in the conference and its breakup groups during 2 days.

I Prof. Y.V. Khomenko gave a presentation «Value Basis of the New Model of the Russian Economy» in the breakup group «Discussion of Approaches to Formation of the Russian Economic Model». The section was headed by Yu.V. Zvorykin, a member of the Public Council of the Ministry for Development of the Far East and Arctic, Professor of the International Institute of Energy Policy and Diplomacy of Moscow State

Institute of International Relations.

First Deputy Head of the Department of Economic Theory of the Financial University under the Government of the Russian Federation Professor S.A. Tokchev and Y.V. Khomenko planned to organize an online meeting to determine the prospects and format of a long-term cooperation between this Department and the Department of Economic Theory and Public Administration of Donetsk National Technical University.

Prof. Y.V. Khomenko also discussed prospects of further cooperation with the Professor of the Department of State and Municipal Management of the Financial University under the Government of the Russian Federation O.S. Semkin and the Professor of the Department of Organization and Planning of Local Development of the Kuban State University T.T. Avdeeva.

According to the results of the conference it is planned to publish theses of reports in the proceedings of the conference.

The V International Scientific and Practical Students' Conference «Current Issues of the World Economy» is Held at DONNTU

On March 14 Donetsk National Technical University held the V International Scientific and Practical Conference of Studying Youth «Topical Issues of the World Economy», bringing

together more than 80 novice researchers from gymnasiums, schools, colleges, and universities of the DPR, as well as educational institutions of other regions of the Russian Federation, Republic of Belarus, Transnistria, and the LPR. The event was organized by the Department of International Economics of DONNTU together with Donetsk National Academy of Sciences, the Institute of Economic Research, Novgorod State University and Don State Technical University.

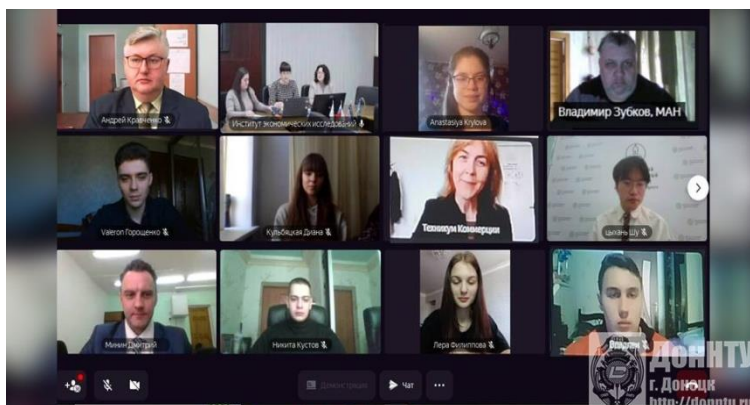

Photo: DONNTU's Site

Participants were welcomed by the Dean of the Faculty of Engineering and Economics of DONNTU, Associate Professor A.A. Kravchenko, the Deputy Head of the Department of Interdisciplinary Research, Innovation and Training of Scientific and Pedagogical Personnel, the Chairman of the Council of Young Scientists and Specialists of the Institute of Economic Research L.N. Abdalyan, the Director of DONMAN V.A. Zubkov. They stressed the importance of organizing such a discussion platform at the current stage of the integration of Donbas into the Russian economic space, which gives rise to new opportunities for students in the field of educational and scientific cooperation.

During the conference much attention was paid to the discussion of global and local problems of the world economy, attraction of young researchers to innovation activities of enterprises and organizations of the DPR, identification of prospects of development of the region in new geopolitical realities.

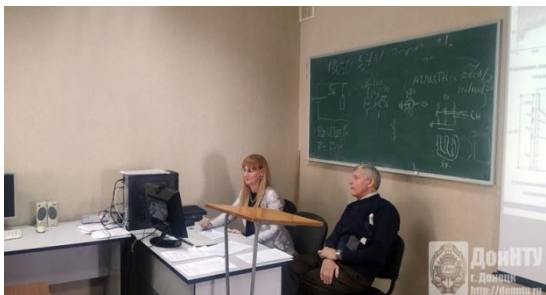

Presentations were made by nine speakers. The topics of innovative development of the world economy, the impact of digitalization on the intensification of international cooperation, geopolitical and economic consequences of the Sino-Russian partnership were discussed.

The conference materials will be published in two proceedings: in the electronic archive of DONNTU and in the database of the Russian Scientific Citation Index (RSCI).

In the Framework of Cooperation between DONNTU and RU «MEI» Joint XXIX International Scientific and Technical Conference of Students and Postgraduates

«Radioelectronics, Electrical Engineering and Energy» is Held

Within the framework of the cooperation agreement between DONNTU and the National Research University», «MIE», an online meeting of breakup group 63 «Special Issues of Electric Power Industry of Donbas» of the XXIX International Scientific and Technical Conference of Students and Postgraduates «Radioelectronics, Electrical Engineering and Energy» was held at

Photo; DONNTU's Site

the Faculty of Intelligent Electricity and Robotics of Donetsk National Technical University on March 16-18.

Twelve presentations on the topical topics of electrical engineering and energy development in the region were made.

In addition to the representatives of the organizing committee and speakers, the conference was actively attended by leading teachers of the Faculty of Intelligent Electricity and Robotics of DONNTU.

The reports covered a wide range of topical issues of the electric industry of Donbas. They were interesting from both scientific and practical point of view and aroused lively interest of the audience.

According to the results of the work of the breakup group 63

First degree diplomas were awarded to

- Maria Konstantinovna Marenich, graduate student;
- Anastasia Igorevna Denisova, graduate student;
- Andrey Alexandrovich Chepiga, graduate student,

Second degree diplomas were awarded to

- Dmitry Vladimirovich Shevakin, Master student;
- Nikita Vladislavovich Perminov, Master student;
- Nikita Yurievich Nyrkov, Master student.

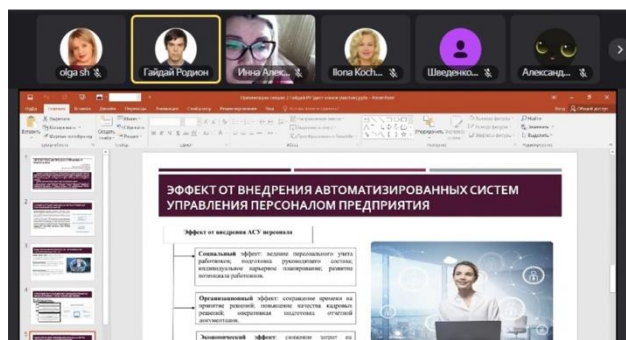

A collection of published abstracts (included in the RSCI) has been prepared as a result of the conference.

DONNTU Hosts II International Scientific and Practical Conference «Personnel Management: Realities of Present and Possibilities of Future»

Donetsk National Technical University and Donetsk Higher Combined Arms Command School have held the II International Scientific and Practical Conference «Personnel Management: Realities of the Present and Possibilities of the Future».

It was attended by representatives of leading Russian and foreign educational, scientific and public organizations, including the National System for the Development of Scientific, Creative and Innovative Activities of Youth of Russia «Integration» (Moscow); the All-Russian organization «Officers of Russia»; the University of National and World Economy (Sofia, Bulgaria); Vitebsk State University named after P.M. Masherov; the Institute of Socio-economic Research of Dagestan Federal Research Centre of the Russian Academy of Sciences; Sevastopol State University; Izhevsk State Technical University named after M.T. Kalashnikov; Luhansk State University named after Vladimir Dahl.

The conference was attended by more than 100 participants from the Russian Federation,

Photo; DONNTU's Site

Bulgaria, Uzbekistan and Belarus. Topical issues of human resources management in various spheres of activity at macro and microeconomic levels were discussed.

The conference was held in the following breakup groups:

- topical problems of human resources management at the macroeconomic level;
- sectoral features of personnel management and social and labor relations.
- labor economics and personnel management in modern organizations;
- economic, legal and socio-psychological problems of management activities in the military sphere;
- theoretical and applied aspects of socio-economic systems management.

As a result of the work, the proceedings will be published and placed in the electronic archive of DONNTU and the Scientific Electronic Library with inclusion in the Russian Index of Scientific Citation (RSCI).

DONNTU Sums up Results of VI Interuniversity Online Conference «Management of Finance and Economic Security»

On March 22 the Department of Finance and Economic Security of Donetsk National Technical University held the VI Interuniversity Online Conference «Management of Finance and Economic Security». The event was attended by more than 30 representatives of DONNTU, DonNUEU, DonNUET. M. Tugan-Baranovsky, Academy of the Ministry of Internal Affairs of the DPR named after F.E. Dzerzhinsky, the Main Directorate of the Ministry of Finance of the Republic of Belarus for Minsk, Omsk Road Transport College, and Omsk State University of Communications. The reports considered issues of financial management in the practical activities of business entities, innovations in financial management, economic security of the state in the context of socio-economic development of the territories, financial and economic security of enterprises and banking institutions, tax planning and business security.

As a result, the proceedings will be published and placed in the electronic archive of DONNTU.

Forum of Martial Arts Takes Place in Kabardino-Balkaria with Participation of Athletes from DPR

There were training sessions of martial arts within the project «Sport for Equals», as well as the work of the school of sports volunteer «Healthy generation» in the National Park «Elbrus» (the Kabardino-Balkar Republic) at the hotel «Elbrus» on March 23-26. The gathering was attended by representatives of the North Caucasus and new Russian regions.

T.A. Sokorenko, chief specialist of the Department of Culture, Youth, Sports and Tourism Administration of the city of Shakhtarsk (DPR), noted the welcoming reception of the host, as well as the high level of organization of the event, clarity and coherence of teams and coaches.

More than 150 athletes took part in the training. Highly qualified coaches from the Donetsk People's Republic, the Kabardino-Balkar Republic, the Karachaevo-Cherkesskaya Republic, Stavropol Territory, and Ingushetia held trainings and master classes for them: Sambo, Karate Kyokushinkai, Kikboksing, MMA, Jujujitsu.

I.V. Stankov, the Chairman of the Sports Club of Donetsk National Technical University, Master of Sports in Kickboxing, the President of the Sports Club of Martial Arts «Makedon» received a special prize in the nomination «Best Trainer».

The closing ceremony of the camp was attended by the Minister of Youth Affairs of KBR A.H. Luev, who presented the prizes to the winners of the nominations:

- «The Best Fighter of the Training» - Aslan Gandaev, the project manager «School of Sports Volunteering "Healthy Generation"», MS in karate, 1 dan (Karachaevo-Cherkesia);

- «For the Best Technique» - Auel Shogenov, the head of SK «Bushido», MS in Karate

Kyokushinkai, 2 dan (Ingushetia);
 - «For Contribution to the Development of Children's Sports» - Ruslan Venzega, the senior teacher of Donetsk Academy of Administration and Civil Service under the Head of the DPR, Master of Sports in Sambo, veteran of the Ministry of Internal Affairs, a member of the SMO.

M.Y. Kazyiev, the Honored Coach of Russia, and the Executive Director of the CB of the

RSBI branch, noted: "This sports camp brought together athletes of various sports and training levels. During the meeting, all the tasks were accomplished. Another important aspect of this event was the patriotic education of the younger generation through communication with the current officers from the DPR, participants of the Democratic Republic of the Congo; participation in demonstration performances, flanking exercises and much more».

Honorary guest of the event A.A. Lavrenchuk, the Associate Professor of the Department of Physical Education of Donbas Law Academy, MSMK in jiu-jitsu, the head of the Federation of Mixed Martial Arts of MMA DPR, emphasized that the main issues on cooperation in the field of youth policy, as well as the conduct of joint sports events were discussed. He recalled that recently the national sambo team of Nevinnomyssk (Head - A.V. Mikheev, SK «Nadezhda») took part in the DPR Open Championship in Shakhtarsk, and expressed confidence in expanding cooperation thanks to such wonderful projects as «Sports for Equals» and «Healthy Generation».

A.N. Kovaleva, epy head of the project «Sport for Equals», said: «We tried to make this camp useful and interesting for the participants. We held separate competitions for adults and children. Today the winners of the kata, shuriken throwing, where all coaches worked on a voluntary basis, have been awarded ».

All participants of the camp received gifts and diplomas from the project sponsors - the Youth Development Fund and the Martial Arts Development Fund of the KBR.

At the end of the event, pupils of sports clubs «Katana», «Fila Dozho» (Nalchik), «Bushido» (the Republic of Ingushetia), student martial arts club at KSGU «Bars» (Karachayevsk), SK «Nadezhda» (Nevinsk), as well as gymnasts (headed by Svetlana Mikhailenko, the President of the Aesthetic Gymnastics Federation of the KBR) performed. Young Cossacks from the Stavropol Region showed the technique of flanking the Cossack checker. They demonstrated not only the techniques of struggle, mastery of weapons, but also the ability to dance lezginka.

All athletes express their great gratitude to the organizers and guests for helping to prepare and implement the project.

DONNTU Student is Participant of Accelerator «Create. Tavrída»

In March, a forum of creative projects took place in the Crimea - the accelerator Create. Tavrída», which has been implemented since 2021 and annually its geography expands.

Participation in the educational program provides an opportunity to try your hand at being an entrepreneur and launch your first project. This year the forum was attended by a student of the Faculty of Intellectual Systems and Programming of the PI-20g group Polina Stupushkin.

Her creative work on creation a media studio at DONNTU was one of the best.

Photo: DONNTU's Site

57 young people of culture, art and creative industries aged from 18 to 35, living

in the LDHP, Kherson and Zaporizhia regions were united by the in the Academy «Meganom», at the site «Tavrída.ART», Within 4 days the participants studied the features of grant support, got acquainted with the secrets of project management, received practical recommendations and motivation from experts, as well as learned about the formats of implementation of their idea with the use of game mechanics and VR-technologies. At the foresite-session the participants determined the points of growth and scaling of their projects. A thrilling excursion to Meganom Mountain was also organized for all participants.

The final part of the accelerator was the presentation of the works to the expert commission. The finalists will have the opportunity to come to the Crimea to participate in the grant competition with the opportunity to win up to 1.5 million rubles for the implementation of their projects.

The Newsletter was prepared by the International Office of DONNTU (including materials of the newspaper “Donetsk Polytechnic”).

For questions of the materials placed in the Newsletter, please contact: 1st Building of Donetsk National Technical University, room 220; tel. 08-25;
